Over a period of ten years, 28 patients with an internal carotid artery (ICA) underwent surgical treatment of the ipsilateral ICA occlusion. Angiography performed postoperatively showed a patent ICA in 5 of the patients (18%), and a completely occluded ICA in 4 of the patients (14%). The morbidity and mortality rates were 3% and 0% respectively, and the long-term neurological improvement rate was 95% (26/28 patients). The final passage of Prince Harry's Army career will be a fitting one. The former soldier took part in the first day of a five-week Royal Military Police exercise at Camp Bastion, Afghanistan, ending his military career with distinction. The 34-year-old, who has been deployed to Helmand Province in southern Afghanistan since January 2010, said he was "honoured" to have reached the end of his service. The Prince has also carried out his duty as an ambassador for the military. The Prince of Wales has given a number of speeches about the need for more fitting way to fiel other Army, in whatever

capacity, with a clean slate, having done everything I set out to do." In an interview with The Daily Telegraph yesterday, Prince Harry said his family would be by his side for the remainder of his time in the Army. "As long as 82157476af
