Three versions: ALB, ENGL, SPAN, based on the different stages of learning. Schools purchasing the SPA can download the DVD to use as an additional teaching tool in their classrooms. Schools should have the ability to purchase the product with their educational funding. MIDDLE SCHOOL TEXTBOOKS The complete teaching and learning experience for students aged 13 to 16. Textbooks for the Middle School (ages 13-16) are innovative and stand out in the field of Spanish teaching. It is designed to help students build their own vocabulary of words and expressions for the middle school stage of their Spanish studies. We have produced a complete range of textbooks and products to keep your students challenged and motivated, and also easily manage the needs of diverse learning styles.

We have designed materials for your middle school teaching staff to be as accessible as possible to all your students. Hand-outs, ready-to-print online workbooks and colorful icons guide students through the text, while vocabulary flashcards and games help students to remember and reinforce the key Spanish terms. Readers and writers of the text enjoy an abundance of activities that are fun, interactive, interesting, and follow the style of the teaching text. You can be confident that your students will receive the most effective and enjoyable learning experience possible. The result? Your students will enjoy your Spanish lessons and develop confidence and self-esteem at the same time. CLASSROOM FLEXIBILITY Classroom flexibility for your students. We have developed a variety of flexible products to keep your students engaged and motivated, and they are easy for your students to manage. Many of our products are designed to be used in your classrooms as well as for independent study. We have developed materials to help your students follow your planned curriculum. Our materials give your students access to the Spanish they are most interested in, and you can be confident that your students will be motivated and enthusiastic to learn!
